

H. Stratton

where has the pride in our course gone direct after dirt not replaced or sanded (plenty of sand bags available but few are taken out) an abundance of pitch makes not repair and the grass is a disgrace no excuse box of sand on the top. Troops taken and the ropes that are there for a reason!!

Yes the course is not like best at the moment due to all the rain even more reason to keep the course as tidy as possible

Come on members lets get some pride back in the course replace or repair you divets and pitchmarks it only takes seconds.

If those who dont bother see this being done they may change their not bothered

attitude
letter sent to Stratton by a member for many years who does care!!
