2024 Junior Captains

James Lloyd - Junior Captain

I'm James and I'm the Junior Captain here at The Chase, I feel very privileged to be named the Junior Captain for the second time. I am currently completing a business based apprenticeship with RS Electrical. I joined The Chase following on from an after-school club run by Kingsmead back in 2018. I am most looking forward to supporting the development and growth of our junior section, with some great things on the horizon. An interesting fact about me is I've created a fully automated data collection system to track and analyse individuals golf stats.

Connor Parry - Junior Vice Captain

I'm Connor and I'm the Junior Vice Captain for 2024. I am currently studying Physics, Business, Maths and Further Maths at Cannock Chase High Sixth Form. I joined The Chase in February last year and have really enjoyed playing within the junior section. I always put 100% into any activity I take on and strive to achieve my goals. An interesting fact about me is that I'm a black belt in kickboxing and I have achieved many awards in the sport.
