

## **The AIZ Essential Winter Coaching Programmes**

**In 2019 The AIZ has again had some great success stories with lots of wins, handicap cuts and greater enjoyment. It really does show that structured practise and lessons pay off. If you want to enjoy your golf more and be more consistent then now is the time to start building for a mega 2020.**

**So this winter I have put together four Improvement plans for you.**

### **Plan One. The Short Game Plan. £120**

Book four lessons and get a written assessment of your short game and get a plan of action **free**. We will go out to the course and I will watch you play a number of different shots around the greens. After this I will write up a brief assessment of your short game and set out an improvement plan for the lessons to come.

### **Plan Two. The Driving Plan. £120**

Book four lessons and get a written assessment of your driving and a plan of action **free**. We will go on the course and I will watch you play some different tee shots. After this I will write up a brief assessment of your driving and set out an improvement plan for the lessons to come.

### **Plan Three. The Mini Whole Game Plan. £120**

Book four lessons and get a three hole playing/assessment lesson **free**. The playing/assessment part of this plan normally comes first. I will watch you play a few holes on the course and we will chat about each shot you play. Then after this I will write up a brief assessment of your game and suggest an improvement plan for the lessons to come.

### **Plan Four. The Whole Game Plan. £180**

Book 6 lessons and get a Full Game Assessment **free**. The Full Game Assessment consists of you and I having an in depth conversation, in a quiet corner in the club house where we discuss your current game and your goals for the future. Then we go on to the course where I will watch you play a few holes and we will chat about each shot you play. After this I will write up an assessment of your game and set an improvement plan for the lessons to come.

**All lessons to be taken before 1st April 2020**

**We'll give you better Golf, more fun and enjoyment.**

**We won't waste your time or money.**

**After the initial assessment and first lesson if you don't think that we'll be able to make enough improvement to your game, we'll give your money back and cancel the programme.**

## **Coaching at the AIZ. THE WAY TO A BETTER GAME.**

**JOHN GREEN - THE AIZ PGA PROFESSIONAL**
