2019 Competitions Summary

What a great year of golf we've had. Competition entries have been on the up with new ladies joining the section. Scoring has been remarkable with plenty of handicap reductions achieved through determination and hard work! The 9-hole competitions are proving very popular for ladies with limited time or declining ability and the fun days a welcome break from competitive golf. But we are hungry for more, more, more and you will see plenty more competitions in the 2020 Fixtures to get those qualifiers in. We are very lucky indeed to be able to play on our superb golf course all the year round.

Sex at 73

I just took a leaflet out of my mailbox informing me that I could have sex at 73. I'm so happy because I live at No. 71. So, it's not too far to walk home afterwards. And it's in the same side of the street. I don't even have to cross the road!!
