MATCH-PLAY COMPETITION RULES
MEMBERS MUST HOLD A COMPETITION/ACTIVE HANDICAP
BEFORE PLAYING THE FIRST ROUND OF ANY KNOCKOUT COMPETITION

1. Stipulated Date

- Each party must give a minimum of 3 available dates for a match
- Each match must be played on the stipulated date, or on an earlier date if both sides agree.
- If one side cannot play on the stipulated date and the match is not played on an earlier date, the other side may claim the match by booking a time on the stipulated date and presenting himself/themselves, ready to play at that time, in the Professional Shop.
- If both sides cannot play on the stipulated date and the match is not played on an earlier date, the match result shall be determined in such manner as the players deem appropriate (eg by the toss of a coin).
- Failure to obtain a result to a match will lead to the disqualification of both sides.

2. Extensions

- In exceptional circumstances and with the agreement of both sides, the Golf Committee may extend the stipulated date for semi-final matches and final matches only. The maximum extension is seven days.

3. Format of play

- All match-play competitions, except the Maw Scratch Cup, are handicap competitions with strokes given and taken in the usual manner equal for the **full** difference in handicaps in singles matches, **90%** of the difference in handicaps measured against the lowest handicap in better-ball matches and **½** of the aggregate difference in handicaps in foursomes matches.
- Play shall be from the white tees for gentlemen and from the red tees for ladies.
- There are no restrictions as to which player may take the opening drive in the mixed foursome competition.
- A match played on the stipulated date, which finishes all square after 18 holes **must** be decided by sudden death, if circumstances allow, with strokes given and taken according to the stroke index. If additional holes are not possible, the match result shall be determined in such manner as the players deem appropriate. Matches played earlier than the stipulated date, which finish all square after 18 holes, **may** be replayed if the players agree but the replayed match must take place on or before the stipulated date.
- **The use of buggies is restricted to players who are medically exempt only. Playing partners who are not exempt may not use or travel in a buggy with the authorised player.**

4. Recording the result

- **It is the responsibility of the winning side to see that the match result is recorded on the draw sheet by the stipulated date.**
- **Failure to record the result of a match will lead to the disqualification of both sides.**
