Master your passion

Test results by Chris with the NEW TaylorMade M6 against the TaylorMade M4.

Fantastic driver great feel and it felt fast off the face. First shot is with my current M4 driver, second and third shots are with the M6. Third shot was hit harder as can be seen from the club head speed did not really gain anything from trying to do this. Keep an eye out, as we will be running a FREE competition to win a dozen TP5x balls based around the performance of the M5 & M6 drivers vs your own driver!!
