## Our Message...

Euan's Cause was started by a small group of friends in memory of the amazing Euan Clark - who sadly passed away from Hypoplastic Left Heart Syndrome in 2012. Ever since, our team have pushed in fundraising over various events to give a little back to those who helped Euan and his family during their difficult times.

With our longest day challenge around the corner, we are determined to push for support from all across the world to make this years contribution bigger than any we've ever put forward.

We need your help! We want you to be part of the team and support an amazing cause and help do our part, to support children and families like our own in their hours of need.

Please find it in your heart to support our longest day by donating and feel proud to join the Euan's Cause team.
